- Please select one or more Investment Options from the choices below. If you choose one Investment Option, please indicate 100% next to the portfolio that you select. If you choose more than one Investment Option, please indicate the percentage amount of the contribution you would like invested into each of the selected portfolios.

Choose Your Portfolio(s) (Required).

Target Enrollment Year Options: You can select a portfolio that closely approximates the year when you believe funds will start to be withdrawn. Typically, families assume their child will need their college savings beginning at age 18. Once you’ve estimated when you expect the Beneficiary will need to use their savings, select the Target Enrollment Year portfolio that represents the date closest to your Beneficiary’s estimated date of enrollment in college. For example, if your child was born in 2023 and you anticipate they will begin college at 18 years of age, they would need their college savings starting in the year 2041 (2023 plus 18). This means you might choose to select the 2040-2041 Portfolio Target Enrollment Year Option. If there is no corresponding portfolio, select the one closest to the enrollment year of the Beneficiary.

Risk-based Options: The assets will remain in your selected portfolio(s) until you update your investment election.

Individual Asset Class Options: The assets will remain in your selected portfolio(s) until you update your investment election.

All future contributions will be allocated in the same manner as your initial investment allocation as shown on this form. To make any changes, please sign on to www.lonestar529.com or call a Customer Service Representative at 800-445-GRAD (4723), option #4.
